

## 2024\* FHYAA SOCCER RULES AND REGULATIONS

1. **Community League** - The FHYAA Soccer Program is a volunteer-led, non-profit community soccer program where youth players should have fun, be taught how to play and understand the game of soccer. They should learn how to be part of a team and understand and experience good sportsmanship in action.

### COACHES

2. To allow more teams to gain access to the fields, practice on the Forest Hills Youth Athletic Association (FHYAA) Fleet Street Fields shall be no longer than one (1) hour. The Fields are available for practice\*. A minimum of five (5) players from the team is required to “hold” a field for practice.

- As a guide, the fields can be shared as follows:

- A. Field 1 should have no more than three teams practicing simultaneously,
- B. Field 2 should have no more than two teams practicing simultaneously,
- C. Field 3 should have no more than two teams practicing simultaneously,
- D. Field 4 should have no more than one team (due to its smaller size).

**THE FHYAA/SOCCER COMMITTEE RESERVES THE RIGHT TO SCHEDULE GAMES (TYPICALLY MAKE UP GAMES) DURING ANY PRACTICE TIME AND AT ANY TIME DURING THE SEASON. OBVIOUSLY, IF A GAME IS SCHEDULED DURING A PREVIOUSLY SCHEDULED PRACTICE TIME, THE TEAMS WILL BE NOTIFIED THAT THEY WILL BE UNABLE TO USE (PRACTICE TIME) THE FIELDS ON THAT DATE AND TIME.**

3. Show your players how to play the various positions in soccer, and explain to them the responsibilities of all the positions, not only the one that they are assigned to play.
4. Let the kids play both offense and defense. If you as a coach can show your players both positions, it will make your team a more diverse and competitive team.
5. Soccer is a team sport and should not be dominated by any one player.
6. Have a meeting with the parents and players to explain to them the importance of practice. The more they participate in a group practice with the team, in addition to practicing at home, the better skilled they will get. Ultimately, he/she will develop into a better player and understand how to play the assigned position(s).

7. The FHYAA Soccer Program is designed to ensure that all players play at least 25 minutes of each game (see Rule 14 under Coaches and Parents). As you are aware, and under the structure of the FHYAA Soccer Program all teams shall enter the playoffs at the end of the regular season. The only exceptions to this rule are U6 and U8 (U6 and U8 divisions are instructional and there are no playoffs). The FHYAA program is a community based program designed to ensure that all children play as much as possible during the regular season.
8. If there is any display of foul language, non-sportsmanlike behavior or abusive conduct by a coach that coach will be ejected from the game and/or the field immediately. The coach is automatically suspended for the next game. This type of conduct constitutes an automatic “RED” card. The ability of the individual to coach will be reviewed by the FHYAA Soccer Committee. A decision will be made by the committee after the review has taken place. During the period of time that the committee is reviewing the status, the individual can not coach.
9. **Any coach involved in a physical altercation, including, but not limited to, fighting, wrestling and grappling will be automatically suspended for the season.** The Soccer Committee will review whether the coach shall coach the following season and whether a permanent ban from coaching shall be applied.
10. Any coach that does not comply with the coaching rules of FHYAA as set forth herein, and/or engages in verbal, physical or mental abuse of referees, players, coaches and league officials **will not** coach the following season. The decision concerning the following season and/or permanent ban will be made at the end of the soccer season by the Soccer Committee.
11. **Only one head coach and one assistant coach will be permitted on the sidelines with the players in the U10, U12 and U14 Division. NO EXCEPTIONS. All other Divisions - one head coach and two assistants will be permitted.**
12. **All Coaches, except for the Coaches for U6, are only permitted on the sidelines. Coaches are not permitted on the field along the goal post or on the sidelines with the parents.**

In addition, the coaches must remain on one half of the field only...the half of the field where a team defends their goal. Coaches are not permitted under any circumstances to cross the mid field line allowing or in any way gaining access to the other half of the field. The referee shall have discretion to issue a warning. The referees may also issue a yellow card for first infraction and a red card for additional infractions.

## COACHES AND PARENTS

13. All players must appear at the field at least 30 minutes before game time.

14. All players shall play **at least 25 minutes of each game.**

**During the playoffs, all players who attend the game must play in the game. However, there is no requirement that all the players play at least 25 minutes of a playoff game.**

17. If the FHYAA Soccer Committee receives a complaint from a parent about a child not playing pursuant to the league rule, the offending coach will get a warning, if appropriate. The coach will also be required to communicate with the parent to resolve the issues. If the committee receives a second complaint from the same parent about the same child, the Committee reserves all rights as to any action it may take concerning the coach.
18. **Rain** - Teams and players must arrive at the field as scheduled in the event of rain. The league intends to play all games during the season. There will be an attempt to reschedule rain-outs but there is no guarantee that a game will be rescheduled. It is likely that the decision to cancel a game due to rain will only be decided at the start of the game and therefore it is mandatory that your team arrive, assemble and be ready to play or risk a forfeit. Games may be cancelled in the event of any one of the following conditions:
  - A. Heavy Rain
  - B. Thunder and lightning
  - C. Deplorable conditions of the field
  - D. In the discretion of the Soccer Committee or Field Committee.

**In the event a game has commenced but then must be halted due to rain or field conditions... the game will count in the standings if at least one-half has been played.**

19. The teams playing the last games of the day are responsible for ensuring that the fields have been cleaned of debris, clear of spectators and players, and that the gates to the field have been padlocked.
20. **There shall be no smoking permitted on the fields. There shall be no consumption of**

A player must leave the field before the player replacing him (her) enters on to the field. In the event a player enters the field without permission he shall receive a yellow card.

F. **Ball In and Out of Play**

- A. Out of Play - The ball is out of play when
  - All of the ball is *completely* outside the *outside* edge of the touch line or goal line, either on the ground or in the air.
  - The game is stopped by the referee.
- B. In Play-the ball is in play at all times other than those described under 'Out of Play', including:
  - When the ball bounces off a goalpost, crossbar, or corner flag post and stays in the field of play.
  - When the ball bounces off the referee or an assistant referee, when that official is in the field of play, and the ball stays in the field of play.

G. **Offside:**

A player is in an offside position:

- A. The player is in the opponents half of the field (Offense side) and
- B. The player is closer to the opponents goal line than the next to last defender

(the goalie is considered as a defender) and the ball at the time the ball is kicked .

The position of a player at the moment the ball is played determines whether the player may be called offside. For example, a player positioned onside at the moment the ball is played by teammate does not become offside by running to an offside position while the ball is in flight.

If a player is called offside, then an in-direct free kick is taken by the opposing team from the position of the offside player.

**However, for a player to be called offside, the player has to be in an offside position and involved in the play.**

**In addition, a player can not be offside from a goal kick, a throw in or a corner kick.**

There is no offside for U6 and U8.

#### H. **Fouls and Misconduct**

**A player may be warned or issued a yellow card at the referee's discretion and will result in a direct free kick:**

- B. Tripping or attempting to trip an opponent.
- C. Jumping at an opponent (whether or not contact is made).
- D. Charging an opponent.
- E. Pushing an opponent.
- F. High-Kicking

- H. Holding an opponent.
- I. Hand ball is a foul when a player touches the ball with any part of the hand or arm while *intending to control the ball*. The referee should not call the hand ball foul if a player:
  - is *not* trying to control the ball
  - is *instinctively* protecting himself or herself from injury-results in an indirect kick.

For the following offense which is also a foul, the referee must immediately issue a red card:

- J. Spitting at an opponent (this is also a sending off offense).

In the event that any of the above offenses in the penalty area then they will result in a

**penalty kick (pk).**

**I. Direct Free Kick**

A goal may be scored by kicking the ball directly into the *opponents'* goal, without the ball touching any player other than the kicker. (If it does touch another player before it goes into *either* goal, it is also a valid score.)

**J. Indirect Free Kick (IFK)**

In order to score a goal from an indirect free kick, the ball must make contact with at least two players before crossing the goal line.

**K. Penalty Kick (PK)**

If a player commits one of the nine fouls within his or her own penalty area, the fouled team is given a penalty kick from the penalty mark, rather than a direct free kick.

- A. Before signaling for a PK to be taken, the referee *must* ensure that all players except the properly identified kicker and the defending goalkeeper are:
  - Inside the field play,
  - Outside the penalty area and penalty arc, and
  - Behind the penalty mark; that is, more than 15 yards from the goal line. (Players are not allowed to be in an offside position during the taking of a PK)
- B. The defending goalkeeper must remain on the goal line, between the goal posts, facing the kicker, until the ball is kicked.
  - The goalkeeper may move laterally along the goal line. If the goalkeeper moves *off* the goal line before the ball is kicked and the shot does not score, the PK must be retaken.
  - In youth games, referees should remind the goalkeeper to not move *forward* when the whistle blows, but to wait until the ball is kicked.
- C. No defending or attacking players may enter the penalty area or penalty arc until the ball is kicked (this is called encroachment'). If the attacker encroaches:
  - a. a scoring shot is disallowed and the PK is retaken
  - b. for a non-scoring shot that stays in play and the encroaching attacker interferes with play, an indirect free kick (IFK) is given to the defending team
  - c. for a non-scoring shot that goes directly out of play, the game is restarted with a goal kick
  - d. for a shot deflected out of play by the goalkeeper, the game is restarted with a corner kick

- Attacker and defender encroach: The PK is retaken, whether it scores or not.

- D. The ball is in play as soon as it is kicked forward. If it is kicked directly sideways or backward, the PK must be retaken.
- E. Once in play, another player may then play the ball. (Thus a goal may be scored directly or indirectly from a PK.)
- F. The kicker may not play the ball again until it touches another player (either team).  
- punishment: IFK for the opposing team.
- G. If a penalty kick is taken in extended time and the ball rebounds off the goalpost or crossbar and hits the goalkeeper, the ground, or both, then enters the goal, it is a valid score.
- H. No penalty kicks in U6 or U8.

#### L. **Throw-In**

- A. A throw-in is taken to restart the game after the ball goes out of play past the touch line. It is taken within one meter/yard of where the ball crossed the line.
- B. To go out of play, *all* of the ball must *completely* cross the *outside edge* of the touch line, either on the ground or in the air above the line
- C. The throw-in is taken by *any* player on the team that did *not* touch the ball last.
- D. A player may not score a goal by throwing the ball directly into either goal.  
- If thrown into the opponents' goal, a goal kick is taken.  
- If thrown into the thrower's own goal, a corner kick is taken.
- E. A player who unfairly distracts or impedes the thrower may be cautioned for unsporting behavior .
- F. The thrower faces the field. As the ball leaves the thrower's hands, some part of both feet must be on the ground, either on the touch line or outside the touch line.
- G. The thrower must throw the ball with essentially equal strength with both hands, in a continuous movement from behind and over the head.
- H. If the ball is not thrown in properly, the opposing team is given a throw-in. (Except the following divisions will receive a second chance after an instruction by the referee: U6 & U8.
- I. A throw-in taken from the wrong location is considered improperly thrown in. The opposing team is given a throw-in from the correct location.
- J. The ball is in play upon being released and as soon as *any part of it* is over the *outside edge* of the touch line.

#### M. **Goal Kick**

- A. A goal kick is taken by any defending player to restart the game after the

ball goes out of play past the goal line (unless it is a valid goal) when the ball last touched an attacking player.

- B. To go out of play, all of the ball must *completely* cross the *outside edge* of the goal line, either on the ground or in the air above the line.
- C. A goal may be scored directly from a goal kick, but only against the opposing team.
- D. The goal kick may be taken anywhere in the goal area.
- E. The team taking the goal kick is entitled to have all *opposing* players stay outside the penalty area, but the kicker may kick the ball without warning if he or she wishes.
- F. The ball must not be moving when it is kicked.
- G. The ball is in play when it leaves the penalty area. The goal kick must be taken if:
  - the ball does not leave the penalty area, or
  - the ball crosses the goal line before leaving the penalty area, or
  - the ball is played again by *any* player before it leaves the penalty area.
- H. A player taking a goal kick may not play the ball again after it is in play until it touches another player (either team).
  - Punishment: IFK for the opposing team.
- I. If the goal kick goes directly into the kicker's own goal:
  - without the ball leaving the penalty area, the goal kick is retaken.
  - if the ball had first gone into play (this is not likely to happen), the opposing team restarts play with a corner kick.
- J. A player in an offside position receiving the ball *directly* from a goal kick is *not* offside.

#### N. **Corner Kick**

- A. A corner kick is taken by any attacking player to restart the game after the ball goes out of play past the goal line (unless it is a valid goal) when the ball last touched a defending player.
- B. To go out of play, all of the ball must completely cross the outside edge of the goal line, either on the ground or in the air above the line.
- C. The ball is placed in the corner arc nearest to where the ball went out of play.
- D. The kicker is entitled to have opponents at least 10 yards from the ball when he or she kicks it, but may kick the ball when opponents are closer if the kicker chooses.
- E. The ball must not be moving when it is kicked.
- F. The ball is in play when it is kicked and moves.
- G. The kicker may score by kicking the ball directly into the opponents' goal.
- H. A player taking a corner kick may not play the ball again until it touches another player (either team).
  - Punishment: IFK for the opposing team.

- I. A player in an offside position receiving the ball *directly* from a corner kick is not offside.

O. **Playoffs:**

In the event that a playoff game ends in a tie, the following shall constitute the tie-breaker rules:

- A. There will be two 5 minute overtime periods. **There is no sudden death during the overtime periods.** After one 5 minute overtime period, the teams will switch goals.
- B. In the event that the teams remain tied after the two 5 minute overtime periods, the teams will proceed to a shoot out, which will take place as follows:

1. The team to take the first kick will be decided by a coin toss.

Five v. Five-each team shall select five players to shoot against the opposing teams goalie. (Goalies can also shoot). **Only players, who are on the field at the end of overtime period are allowed to participate in the shoot out.** After each team has taken 5 shots, the team with the most goals shall be the winner.

2. All kicks will be taken at one goal ensures that both kick takers and goal keepers face the same field irregularities.
3. All players other than the kicker and goal keeper must remain at mid-field.

Teams can change the goalie once during the shoot out.

4. Each kick will be taken in the general manner of a penalty kick.

The five v. five shoot out will continue until one team has won. Goals are counted after each team has five players shoot.

5. The goal keeper must remain between the goal post on his goal line until the ball has been kicked.
6. Each kicker can kick the ball only once per attempt. Once kicked, the kicker may not play the ball again. A kick will be successful if, having been touched once by the kicker, the ball crosses the goal line between the goal post and under the cross bar without touching any player official or outside agent other than the defending goal keeper.

7. Teams must take turns to kick from the penalty mark in an attempt to put the ball into the net, until each team has taken five (5) kicks. However, if one side has scored more successful kicks than the other could possibly reach with all of its remaining kicks, the shoot out will end regardless of the number of kicks remaining: this basis is called best of five (5) kicks.
  8. If at the end of these five (5) rounds of kicks the teams have scored an equal number of successful kicks, extra rounds of one (1) kick each will be used until the tie is broken (sudden death).
  9. A team may replace a goal keeper who becomes injured during the shoot out with a substitute provided that team has not already used a maximum number of substitutes allowed. No player will be allowed to take any extra kicks from the penalty mark until all eligible players have taken a first kick including the goal keeper.
